## PUBLIC HEARING NOTICE

Pursuant to California Water Code, Division 7, Article 4, Section §13167.5 the San Diego California Regional Water Quality Control Board (San Diego Water Board) is providing the following 30-day public notice for Tentative Order No. R9-2006-0028, *Waste Discharge Requirements and Section 401 Water Quality Certification for Stonewood, Inc., The Vineyard Project, Murrieta, Riverside County.*

The adoption of this Tentative Order would authorize the placement of fill into up to 0.39 acres (5,539 linear feet) of waters of the United States and 0.35 acres (10,283 linear feet) of non-federal waters of the State that are tributary to Cole Creek and Murrieta Creek.

Stonewood Inc. has proposed to mitigate the affects to water quality and beneficial uses of the proposed fill by restoring 2.7 acres of riparian habitat along Cole Creek and two of its tributaries.

The June 14, 2006 Board meeting will commence at 9:00 a.m. and will be held at the office of the San Diego Water Board, 9174 Sky Park Court, Suite 100, San Diego, California.

The San Diego Water Board will accept comments relevant to this action both orally and in writing. Written comments must be received by the San Diego Water Board on or before May 19, 2006. Copies of the Tentative Order No. R9-2006-0028 or additional information can be obtained by contacting Mr. Jeremy Haas, Northern Watershed Unit at:
